But complete and attractive as they are, these dolls are low in cost. Bargain prices have been marked on them, as they must be sold. Our stock is large and we need the cash in our vestry. ### THE AVERILL MUSIC COMPANY

Over Times Office—Third Floor.  
IT PAYS TO CLIMB THE STAIRS.

One Way—Oysters are taken from the shell, held for an instant under running water, packed closely in a clean, white enameled case, sealed, imbedded in ice in a Sealshipt Oyster Carrier and sent directly to the dealer. They are not opened till they reach the market. The result is firm, fresh, grey oysters—the justly famed Sealshipt Oysters.

Another Way—Oysters are taken from the shells, dumped into a wooden tub, soggy from long use. Chunks of ice, clean or otherwise are added from time to time. The cover is usually on—not always. The result is white, flabby, unwholesome oysters of no flavor—except that given by chemicals—tub oysters of all brands.

## Tea Talk That Tells Tales!

We have always held that Teas should be sold at the same profit as other groceries. We don't believe in selling Tea at from forty to sixty per cent profit—in fact one of the most prominent Tea houses in Boston refused to sell us because we would not sign an agreement to sell for sixty cents a Tea that cost forty cents, a profit of fifty per cent. We prefer a lot of small profits to one big one. Neither do we believe in giving premiums with Tea that have to be paid for by the customers, usually at a large profit. We believe in giving the actual value on the spot. We have a very large line of Teas that were contracted for before the advance and we give you the benefit of this purchase.

## Hulda Says:

"Christmas is coming very soon and if you want to give your friends or relatives a useful Xmas gift that is sure to please, give them a nice Chair, a Picture, a Library Table or, in fact, anything in the furniture line. Such a present is practical and useful and certainly will be more appreciated than some article that becomes useless in a short time."
